

01--Shrink wrapping machine

This machine is essential for bundling multi-pack items (e.g. beverage cans, boxes). It applies heat-sealed film to secure products during transit and retail display

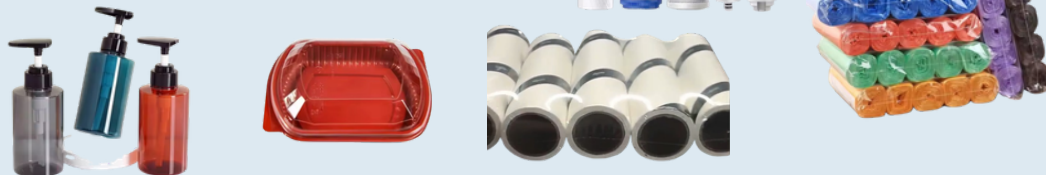

Feature

1. Teflon-coated high-temp sealing knife
2. Digital PID temperature control
3. Auto film feeding with EYE/Timer
4. Anti-miscut safety protection
5. Unmanned production line integration
6. Imported electrical components
7. Auto/Manual mode switching
8. POF film compatibility
9. Cost-saving vs carton packaging

Option

application

01-Shrink wrapping machine
