

11-Rotary Premade Pouch Packing Machine

Automatic bag-size changeover is supported. Compatible with various premade pouches. Multiple optional weighing and filling systems are available for liquids, powders and solid products.

Feature

- 8 -stations Rotary Working Platform for pre-made bags packaging
- Automatic Pick & Place bag infeed system
- Siemens PLC control with touch screen operation
- Multi-Language HMI
- Date Coding
- 304 stainless steel frame
- Storage for 100 product recipes
- Production parameter memory including gripper size, machine speed, sealing temperature, and filling volume
- Pouch presence detection – no pouch no filling, no sealing
- Bag deflation with wire guide or push bars
- The two-step sealing process guarantees clean sealing
- Cooling station for liquid products

Option

- Various filling systems for powder, granule, liquid, snacks, herbal, or other customized products
- Zipper opening & Sealing device
- Metal detectors
- Checkweigher
- Bag deflators
- Dust suction nozzles and dust collector
- Material infeed conveyor
- Collating discharge conveyor
- Ethernet connectivity
- Automatic desiccant & spoon feeding station

Max speed: 60-80

Weight: 1200KG

Bag width: 80-300mm

Bag length: 100-400mm

Air Pressure: 0.6-0.8mpa

Power Supply: 2.3KW

Filling range: 10-2500g (depending on product type)
