

14-Vertical Packing Machine

Model No.: VFFS-220 / VFFS-300 / VFFS-320

This machine adapts to diverse product characteristics and is ideal for budget-limited projects. Various optional weighing-filling systems are available for liquids, powders and solid products.

Feature

- 304 stainless -steel frame
- Siemens PLC control with touch-screen operation
- Date- Coding
- Multi-Language HMI
- Automatic count -and- stop function
- Photo-electric eye sensor
- Safety-Guard door
- Compatible with most packaging-film material
- Storage for 20 product recipes

Option

- Options
- Various filling systems for powder, granule, liquid, snacks, herbal, or other customized products
- Hole punch (Euro slot or round)
- Gas flush
- Tear notch
- Materials infeed conveyors
- Package collator conveyors
- Date Printer
- Metal detectors
- Label applicators
- Checkweighers
- Bag deflators
- Chain Style bag
