

Round Containers Labeling Machine

Product Datasheet

Labeling machine automates precise identification, branding, and tracking on diverse surfaces, solving misalignment and speed issues cost-effectively.

Model	320A
Labeling Speed	20-80/min
Labeling Accuracy	±1mm
Machine Size	2000x600x1500mm
Weight	350KG
Material	304 Stain Steel
Power	1.5Kw

Features

- Mitsubishi PLC Control System
- Tool-Free Adjustments
- Auto-Correction & Detection
- Fault Alarm & Production Counter
