

Sleeve Labeling Machine

Product Datasheet

Sleeve labelers efficiently apply heat-shrink labels to containers, bottles, and cans across food, beverage, pharmaceutical, and cosmetic industries.

Model	250TB
Equipment Power	3KW
Power Supply Voltage	220V (customizable)
Set Standard Speed	150-300 bottles/min
Size Range	H 100-320mm, Dia 50-200mm
Label Length	30-190mm
Applicable Film	PVC, PET, POS, BOPP
Weight	750KG
Body Material	304 Stainless Steel

Features

- Universal Compatibility
- Robust Construction
- Tool-less Changeover
- High Precision & Speed
- Material Versatility
