

Sleeve Sealer & Shrink Tunnel Machine

Product Datasheet

Offers precise, stable wrapping with safety features. Ideal for individual or grouped lightweight items, enabling seamless production line integration.

Model	6540+6040
Power Supply	220V+AC 380V 3PH 50/60Hz
Power	1.7KW+24KW
Max Packing Size	(W)≤450mm; (H)≤360mm
Sealing Size	650
Packing Speed	8-15pcs/min
Shrink Film	PE, PVC, POF
Weight	420+450KG

Features

- Straight-Feed Design
- Premium Cutting System
- High-Precision Sensing
- Dedicated Control Box
- Automatic Blade Protection
- Dual Operation Modes
